eConsult Liability FAQ

In response to your questions, the Multi-County eConsult Initiative has prepared a Frequently Asked Questions document regarding physician liability and eConsult. This FAQ can be found on the left panel of your inbox welcome page.

eConsult is now available for non-IEHP Members

Yes, it's true! All patients who require access to specialty care can now receive eConsult treatment recommendations by using the "Add New Patient" link.

Clinical Follow Up Worklist

When a PCP ends the dialog by choosing a close code from the drop down menu, the eConsult lands in the "Clinical Follow Up Worklist" where the clinic staff can manage non-referral patient specialty care.

Noticed something new?

We've updated the name of the eConsult technology platform to reflect the official product name, which is "Converge." Not to fear—it is the same product you've been using, only the name has been changed.

Total MCEI eConsults Submitted

through April

6,260

For questions about eConsult use and functionality, or if you are interested in being a part of the initiative call the MCEI Help Desk (909) 687-0244 or email eConsultie@iehp.org
