NEW THIS MONTH

eConsult Replaces IEHP eReferral Form

While we have been further developing the eConsult platform, Primary Care Providers were able to use both the IEHP eReferral form and eConsult to submit for referral authorization. We are happy to announce that eConsult will now be fully replacing the IEHP eReferral form on the Provider Portal for any live Specialties and services.

What's Next in July?

In early July, RUHS Primary Care Providers will soon be able to submit for colonoscopies directly for IEHP for referral authorization on the eConsult platform.
