Your Month in Review

% eConsults resolved without the need for specialty visit in September (Top 10)

Your efforts are improving patients' timely access to appropriate health care!

You and one hundred other specialists offered your recommendations to primary care providers, coordinating patients' care remotely for **over half** of eConsults submitted for **hematology** and **maternal/fetal medicine** services!

You and other MCEI specialist reviewers coordinated with **500+ primary care providers** across **93 clinics** in the Inland Empire via eConsult.

As a result, specialists were able to serve **4,189 patients overall** by offering access to specialty recommendations or care via eConsult. Of those, specialist-PCP eConsult dialogs saved **430 patients** unnecessary trips for in-person specialist appointments, providing the right kind of care needed up front.
